PUTTING THE PIECES

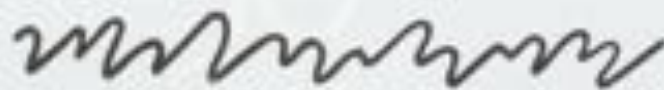

The Odebolt-Arthur Middle School Student Council had another big job in leading the "finest and proudest" to continue their motto. The Student Council members enjoyed growing in leadership by planning and following through with the ideas and concerns of grades six through eight. They also planned all the quarter holidays.

Participating students were Janice Larson, Kevin Down, Kate Olson, Liz Milligan, Peter Larson, Abby Buehler, and David Currie.

The choir participated in three concerts this year, including the winter concert, the pops concert, and the fine arts concert.

The summer of 2003 saw twenty girls out for softball, of those twenty Netties, ten of them earned a letter. Only one of those twenty was a senior. The season began with the young squad seeing new faces in different positions and the team responded well. The varsity finished second in the Coon Rapids-Bayard Tournament. They also achieved a tie for fourth place in the conference. For the season, the young Netties team finished with a very respectable 14-11 record, breaking several school records in the process. Several individual awards were earned with Linda Hoegh 2nd Team All-Conference Utility, Jamie Scott 2nd Team All-Conference Pitcher and All-State Honorable Mention Pitcher, Shelby Veit 2nd Team All-Conference Infielder, and Alayna Wilken 2nd Team All-Conference Honorable Mention.

The J.V. Netties team also had a good season, finishing with a 10-8 record and showing great promise for the future of O-A softball.

FOOTBALL

Trojan Gridsters

A new offense, a new defense, and two new assistant coaches set the stage for the 2003 Trojan football season. OA started the season strong, as it garnered wins over Pomeroy-Palmer 19-10 and Glidden-Ralston 12-0. Week 3 found the Trojans battling eventual State Champion, Treynor. The locals fought hard, but were out-manned by the Cardinals. OA was the only team to score on Treynor during the regular season, as Treynor won 34-3. OA faced the defending State Champions from Manning in week 4, and a tough defensive battle resulted in a 7-0 loss for the Trojans. OA rebounded in week 5, with an impressive second-half performance in a win over West Harrison 32-20. The Trojans stepped out of District for a meeting with LeMars Gehlen in week 6. A very slow start put the Trojans behind 24-0, before rallying in the fourth quarter. OA fought to within two points with seven seconds left, but the two-point conversion failed, and the locals fell 24-22. RC-L invaded OA turf in week 8, as the Wildcats ran over the Trojans in dealing them a 14-0 setback. The final game of the season found the Trojans hosting Sac City. A back-and-forth game found the Trojans picking up the win 22-19 to end the season on a positive note.

All-District honors were garnered by: Andrew Mahoney and Clint Siebrecht, 1st Team Defense; Thomas Heidenreich and Kyle Siebrecht, 1st Team Offense; and Keith Schroeder, 2nd Team Offense.

The 2003-04 girls' basketball squad started the season slowly, as they found themselves at 3-5 at the holiday break. Renewed dedication led to the 'Nettes reeling off 7 straight wins, as well as 11 or 12 victories after the break. A heartbreaking loss in the District tournament ended the season with a very satisfying 14-7 record, as well as an impressive 9-2 conference finish, which was good enough for second place. First Team All-Conference Honors went to Rachel Hansen and Dani Olerich, and Honorable Mention Honors went to Brenda Stickrod.

THE HISTORY OF THE

The history of the world is a long and varied one, spanning thousands of years and encompassing a wide range of cultures, societies, and events. From the earliest civilizations to the modern world, the human experience has been shaped by a complex interplay of factors, including geography, technology, and social organization. The study of history allows us to understand the past and its impact on the present, providing valuable insights into the human condition and the course of our species.

THE EARLY CIVILIZATIONS

The earliest civilizations emerged in the fertile river valleys of Mesopotamia, Egypt, and the Indus. These societies developed complex systems of agriculture, trade, and governance, laying the foundation for the modern world. The rise of these civilizations was closely tied to the development of writing, which allowed for the recording of history and the transmission of knowledge across generations. The study of these early civilizations provides a window into the origins of human society and the development of the concepts of state, law, and religion.
